

WORK HEALTH AND SAFETY POLICY - SAFETY IS OUR PRIORITY

Chandler Macleod believes that safety starts with the individual and that all employees, through thoughts and actions, can make a difference and reduce harm.

WE WILL ACHIEVE THIS BY:

- Making safety our first priority
- Regarding compliance with Work, Health and Safety legislation as our minimum standard
- To go beyond compliance and seek best case safety outcomes
- To continually improve our safe systems of work
- To respect and explore all opportunities for improvement identified by employees
- To ensure all employees and management receive safety training that is relevant and current
- To identify and control conflicting business priorities that may have an adverse impact on the safety of our employees
- To hold employees, management and the executive accountable for correct execution of safety process
- To collaborate with clients and other organisations, sharing expertise and knowledge for the benefit of all employees.
